

M. van Frankenhuijsen

Math 2270: Linear Algebra

Fall 2009

Section 1, MWF 11–11:50 a.m. in LA002

Text: Elementary Linear Algebra, Howard Anton, 9th edition.

Office: LA017

Phone: 801-863-8685

E-mail: vanframa@uvu.edu

Office hours: Monday–Friday, 9 a.m.

<http://research.uvu.edu/machiel>

Homework and Quizzes. You should do the assigned homework *and* as many extra problems as you need to learn the stuff and become good at it.

Final: Wednesday, December 16, 11–1 p.m. in LA002. Grading out of 100 points:

Homework, Quizzes	20
Exam I	20
Exam II	20
Final	40
<hr/>	
	100

E	D–	D	D+	C–	C	C+	B–	B	B+	A–	A	
< 45	45	50	55	60	65	70	75	80	85	90	95	100

In this class students learn

- (1) to formulate concepts related to linear algebra.
- (2) to solve problems by applying these concepts.
- (3) to formulate proofs.

What do you need to do to succeed in this class? Prepare for every class and actively participate. Do all the homework and quizzes. When you feel you need extra help and guidance, *immediately* take action.

The homework, quizzes and midterms are tools for you to learn. The more mistakes you make, and *subsequently work to understand and correct them*, the better you'll do on the final. But the midterm grades are the best indicator of how you will do on the final. If your midterm grades are low, *you* will need to make some changes. I will help you with that.

Attention Students with Disabilities. If you have any disability which may impair your ability to successfully complete this course, please contact the Accessibility Services office, 863-8747, BU146. Academic accommodations are granted for all students who have qualified documented disabilities. All services are coordinated with the Accessibility Services office.

Prerequisite: Math 1220. If you don't have the required prerequisite, you will be administratively withdrawn.

Last day to withdraw October 7.
